Fall 2016
SDSU Application Workshop
Featuring CSUMentor
What is CSUMentor?
A tutorial is available to assist you with the online application process.
Find the “Create an Account” button.
Create An Account (2 of 4)

CREATE AN ACCOUNT - SCREEN 1 OF 3

You will need to create a username and password to access certain CSUMentor functions, including online applications. If you do not already have an account for either CSUMentor, CaliforniaColleges.edu, CCCApply.org, or another XAP-powered site, you'll need to create one here. It's quick and easy.

You need to create your own account to use all of the features on this website. In order to create your own unique account, you will need to supply information such as your name, date of birth, e-mail address, etc. Your personal e-mail address is as important to us as your street mailing address or your phone number since the CSU campuses will use your e-mail address to communicate with you. If you have not already established your own unique personal e-mail address, you can create one using a free service such as Gmail, Hotmail, Yahoo! Mail, etc.

If you already have a CaliforniaColleges.edu or CCCApply.org account with user name and password, you can use it to log on to CSUMentor now. Please do NOT create another user account.

**YOUR INFORMATION**

First/Given name: 

Middle name:
