The Major
Management is defined as the process of administering and coordi-
nating resources in an effective and efficient manner to achieve the
goals of an organization. Managers plan, organize, lead, and control:
• Planning deals with the establishment of goals;
• Organizing involves the determination of tasks to be done, who
will do them, and how they will be organized;
• Leading is the function that directs members of a work group to
achieve the goals of the organization; and
• Controlling involves the identification of deviations between
planned and actual outcomes of the organization.
Major areas within management include international business,
entrepreneurship, human resource management, and corporate gov-
ernance. Recent studies indicate that the demand for professional
managers will continue to increase. Typical careers include:
• Organization and management analysts design and evaluate
strategy, structure, and culture;
• International managers supervise foreign-based manufacturing
and/or marketing operations for American companies;
• Entrepreneurs start new ventures or create new ventures within
an existing organization;
• Human resource management analysts/administrators function
as recruiters, trainers, compensation and benefits specialists,
labor relations specialists, and ethical officers for the
organization;
• Top managers lead organizations and may share power and
responsibility with directors, investors, and employees.

Business Honors Program
The Business Honors Program offers excellent upper division
management courses to students with a demonstrated ability to
work effectively in an academic setting. Students admitted to
the program will be placed in an upper division honors seminar each semester. During their enrollment they will participate in
activities to promote their academic and personal growth, document-
ing their work in a written portfolio.

Generally, students should apply to this program at the time of
application to upper division business. Applicants must submit an
essay with their application. Applicants must have a 3.6 cumulative GPA or good standing in the University Honors Program. Students not
meeting these requirements may petition for admission to the
program. Successful completion of the Business Honors Program will
be recognized at graduation. Contact Dr. Carol Venable, School of
Accountancy, for more information about this program.

Statement on Computers
Before enrolling in upper division courses in the College of Business Administration, students must be competent in the operation
of personal computers, including word processing and spreadsheets.

Business students are strongly encouraged to have their own
computers capable of running word processing, spreadsheet, presen-
tation, e-mail, and Internet applications such as those found in
packages sold by major software publishers. Availability of on-
campus computing resources can be limited due to increasing
demand across the university.

Retention Policy
The College of Business Administration expects that all business
students will make reasonable academic progress towards the
degree. Business majors who have completed major preparatory
courses, earned 60 units, but have less than a 2.9 may be removed
from the premajors and placed in undeclared. Upper division
business majors earning less than a 2.0 average in their major GPA for
two consecutive semesters may be removed from business and
placed in undeclared.

Transfer Credit

Lower Division: Courses clearly equivalent in scope and content to
San Diego State University courses required for minors or as prepara-
tion for all business majors will be accepted from regionally accredited
United States institutions and from foreign institutions recognized by
San Diego State University and the College of Business Administration.

Upper Division: It is the policy of the San Diego State University
College of Business Administration to accept upper division transfer
credits where (a) the course content, requirements, and level are equiv-
alent to San Diego State University courses and (b) where the course
was taught in an AACSB International—The Association to Advance
Collegiate Schools of Business accredited program. Exceptions require thorough documentation evidencing the above standards.

Impacted Program
The management major is impacted. Before enrolling in any upper
division courses in business administration, students must advance to
an upper division business major and obtain a business major code.

To be admitted to an upper division business major (accounting,
finance, financial services, real estate, information systems, manage-
ment, or marketing), students must meet the following criteria:

a. Complete with a grade of C or higher: Accountancy 201 and
202; Business Administration 290 (B A 290 is not required for
the accounting major); Finance 240; Management Information
Systems 180; Economics 101 and 102; Mathematics 120 (or
other approved calculus course); and either Statistics 119 or
Economics 201. These courses cannot be taken for credit/no
credit (CR/NC).

b. Complete a minimum of 60 transferable semester units;

c. Have a cumulative GPA of 2.9.

Students who meet all requirements except the GPA may request
to be placed on the waiting list. While all spaces are usually filled by
eligible students, if there is room in the program after all the fully-

Project AMIGOS Dual Degree

Project AMIGOS (American Management Initiative for Global Operating Skills) is a transnational dual degree program between San Diego State University (SDSU) and Instituto Tecnologico y de Estudios Superiores de Monterrey (ITESM). Students may enter the program at either of the two schools and must spend a minimum of one-and-one-half years of study each in the United States and in Mexico. Participants in Project AMIGOS are enrolled in the management major in the College of Business Administration at San Diego State University.

In addition to completing 49 units of General Education requirements at San Diego State University, students in AMIGOS must complete 97 units in management courses.

Approximately a quarter of all of these requirements are completed in Spanish while attending school in Mexico. Successful participants earn both the Bachelor of Science degree in business administration from San Diego State University and the Licenciatura en Administracion de Empresas from ITESM.

For more information about this program, contact Teresa Donahue at 619-594-3902.
