Associated Faculty for Homeland Security
Eric G. Frost, Ph.D., Professor of Geological Sciences,
Co-Director, Center for Homeland Security Technology
Assessment, Co-Director of Homeland Security Program
Jeffrey S. McIlwain, Ph.D., Associate Professor of Public Affairs,
Co-Director of Homeland Security Program
Stephanie Kay Brodine, M.D., Professor of Public Health, Division
Head of Epidemiology and Biostatistics
Murray Jennex, Ph.D., Professor of Management Information
Systems
Mary Ann Lyman-Hager, Ph.D., Professor of French, Co-Director
of Language Acquisition Resource Center
Stanley R. Maloy, Ph.D., Professor of Biology and Dean of the
College of Sciences
Cezar M. Ornatoowski, Ph.D., Professor of Rhetoric and Writing
Studies
Patrick J. Papin, Ph.D., Professor of Physics
Robert S. Pozos, Ph.D., Professor of Biology
Sherry Ryan, Ph.D., Professor of Public Affairs
Douglas A. Stow, Ph.D., Professor of Geography
William G. Yong, Ph.D., Albert W. Johnson Distinguished Professor of
Chemistry and Biochemistry
Ming-Hsiang Tsou, Ph.D., Professor of Geography
Khaleel Mohammed, Ph.D., Associate Professor of Religious Studies

General Information
The homeland security program offers interdisciplinary graduate
study leading to the Master of Science degree in homeland security.
The homeland security program is the first of its kind in the nation,
taking advantage of the unique learning and research opportunities
offered by the “living laboratory” that is the San Diego/Tijuana border
region. The program provides a strong, active interdisciplinary
educational environment that welcomes students with diverse
professional, disciplinary, and cultural backgrounds.
The mission of the homeland security program is to produce leaders
from a variety of educational and professional backgrounds who can
effectively and efficiently identify, design, and mobilize the appropriate
community resources to prevent, deter, preempt, defend against,
and respond to terrorist attacks and/or other critical incidents and
emergencies on the local, regional, national and international levels.
The active participation of graduate students and faculty with
community partners is a primary focus of the homeland security
program. Therefore, the program has established a number of
collaborative relationships with public, private, and non-profit sector
partners on the international, federal, state, and local levels. These
relationships allow the homeland security graduate student to engage
in a number of service-learning opportunities.
The homeland security program provides an intellectually and
professionally vibrant educational environment that welcomes
students with a strong desire to engage in interdisciplinary study,
critical thinking, and research. Both domestic and international
students are encouraged to apply.

Study Abroad and Comparative Homeland Security
The homeland security program emphasizes international and
comparative approaches in the educational process. To that end,
study abroad is required for all students in the homeland security program.
Short-term (one to two weeks), semester, and academic
year study abroad opportunities are provided in countries such as
Afghanistan, Australia, Canada, China, England, France, Germany,
India, Indonesia, Kazakhstan, Kyrgyzstan, Mexico, Morocco, The
Netherlands, The Philippines, Poland, Russia, Spain, and Turkey.
Of particular note the homeland security program sponsors a
semester study abroad program in India that allows select students
to earn up to two semesters of full-time academic credit while
conducting intensive research in India. The India program is not
mandatory. Rather, it provides homeland security students a program-
based semester-length study abroad option for meeting their study
abroad requirement.
The India study-abroad program is set up for enrolled students
in the homeland security program to study and conduct research
in India while earning course-related credits based on a four-month
course structure available during the spring and fall semesters. The
study abroad program is restricted to graduate students in good
academic standing at SDSU and with two faculty recommendations.
Graduate students outside of the program will be considered on
a case-by-case basis.
Students are encouraged to apply for the India program after
completing at least nine units of graduate study at SDSU (six of these
nine units must come from H SEC 601, 602, 603, or 604). A maximum
of two semesters or 18 units can be earned by any student in the study
abroad program during a two semester (eight month) stay in India,
though it is anticipated that most individual student programs of study
will accommodate just one semester or nine unit courses of study.
Courses offered as part of this India program will be drawn from
the homeland security course list on a semester-by-semester basis.
The courses will include examinations, essays, reports, and prepa-
ration of journal papers presenting research findings and lessons
learned. The courses will be taught with a focus on comparative
approaches to enhance homeland security, infrastructure protection,
and humanitarian assistance disaster relief for the region.
In addition to the India program, the proximity of San Diego
State University to the Mexican state of Baja California Norte allows
for a number of convenient study abroad experiences that are rare
for many American universities. For example, one can live in San
Diego and takes courses at Mexican universities that have student
exchange agreements with SDSU. Students may also pursue a
graduate-level certificate in Transborder Public Administration
and Governance through the School of Public Affairs and/or take
advantage of the homeland security program’s U.S. and Mexico-
based courses on border security. Language and cultural learning
opportunities are provided by SDSU’s congressionally established
Language Acquisition Resource Center.
Please contact the co-directors of the homeland security program
for more information on study abroad opportunities.

Admission to Graduate Study
The homeland security program accepts admission for both the
fall and spring semesters. The application deadlines are posted on
the website at http://homelandsecurityprogram.sdsu.edu or can be
obtained from the homeland security program directors or graduate
adviser. All students must satisfy the general requirements for admission
to the university with classified graduate standing as described in Part
Two of this bulletin. In addition, students must demonstrate sufficient
preparation for the program. This may include a bachelor’s degree in

282 SDSU GRADUATE BULLETIN 2014-2015
sciences, engineering, law enforcement, international security, public policy, or a related discipline providing educational preparation for a career in homeland security. The degree must be from an accredited institution or indicate completion of equivalent academic preparation as determined by the Graduate Dean. Evaluation of a student’s transcript will be made on an individual basis by the admissions committee to determine whether evidence of sufficient preparation can be demonstrated. A student whose preparation is deemed insufficient by the admissions committee may be admitted as conditionally classified and will be required to complete specified courses in addition to the minimum of 30 units required for the degree.

The grade-point average required for admission to the master’s program in homeland security is 2.85 in undergraduate coursework and will be required to complete specified courses in addition to the minimum of 30 units required for the degree.

The grade-point average required for admission to the master’s program in homeland security is 2.85 in undergraduate coursework and will be required to complete specified courses in addition to the minimum of 30 units required for the degree.

All applicants must submit admissions materials separately to SDSU Graduate Admissions and to the Homeland Security Program.

**Graduate Admissions**

The following materials should be submitted as a complete package directly to:

Graduate Admissions
Enrollment Services
San Diego State University
San Diego, CA 92182-7416

1. Official transcripts (in sealed envelopes) from all postsecondary institutions attended;
   - Students who attended SDSU need only submit transcripts for work completed since last attendance.
   - Students with international coursework must submit both the official transcript and proof of degree. If documents are in a language other than English, they must be accompanied by a certified English translation.

2. GRE scores (http://www.ets.org, SDSU institution code 4682);

3. English language score, if medium of instruction was in a language other than English (http://www.ets.org, SDSU institution code 4682).

**Homeland Security Program**

The following materials should be mailed or delivered to:

Homeland Security Program Admissions Committee
San Diego State University
5500 Campanile Drive
San Diego, CA 92182-1020

1. Two letters of recommendation from persons in a position to judge academic ability (in sealed, signed envelopes);

2. One letter of recommendation from a person in a position to judge professional ability and potential (in sealed, signed envelope);

3. A two-page maximum personal statement giving reasons for choosing homeland security as a degree objective;

4. A two-page maximum personal statement summarizing applicant's qualifications, skill sets, and life experiences as they apply to the homeland security degree.

**Advancement to Candidacy**

All students must satisfy the general requirements for advancement to candidacy as described in Part Four of this bulletin.

**Specific Requirements for the Master of Science Degree**

(Major Code: 22102) (SIMS Code: 779001)

In addition to meeting the requirements for the Master of Science degree, as described in Part Four of this bulletin, students must complete 30 units of coursework in an officially approved course of study as outlined below. Students must earn a minimum grade point average of B (3.0) in the master’s program and no less than a C in each course. Students may meet the culminating experience requirement through Plan A by completing H SEC 799A or through Plan B by completing H SEC 790 and successfully passing a comprehensive examination.

**Graduate Program (30 units)**

I. Core Courses (12 units)

H SEC 601 Seminar in Homeland Security (3)
H SEC 602 Seminar in Science, Technology, and Homeland Security (3)
H SEC 603 Seminar in Emergency Preparedness and Response (3)
H SEC 604 Seminar in Law, Society, and Homeland Security (3)

II. Homeland Security electives: Six units in consultation with program adviser.

III. Non-Homeland Security electives: Six units in consultation with program adviser.

IV. Study Abroad (3 units). All homeland security graduate students are required to complete a homeland security-related study abroad experience. To meet this requirement, students must complete one of the following with the preapproved and written consent of the program adviser:

1. H SEC 650 Homeland Security Study Abroad (3 or 6);
2. H SEC 652 Border Security: The Case of Mexico (3);
3. A CSU Study Abroad Program;
4. An SDSU Exchange Program;
5. An SDSU Semester Abroad Program;
6. An SDSU Travel Study Program;
7. A homeland security practicum, special topics, special study, or research conducted abroad.

See the program adviser to make arrangements to meet the study abroad requirement.

**Plan A or Plan B (3 units). Students who complete Plan A, thesis or project option must include H SEC 799A in their program of study. Students who complete Plan B, non-thesis option must include H SEC 790 in their program of study and pass a comprehensive examination.**

**International Security and Trade Certificate**

(Offered through the College of Extended Studies)

(Certificate Code: 90058) (SIMS Code: 779011)

The certificate program in international security and trade provides the intellectual and practical context for linking enhanced trade across international borders such as the United States-Mexico border with enhanced security. By using technology, information sharing, collaboration, and policy changes to enhance public-private partnerships between the trade and security communities on both sides of the border, this program is designed to help federal law enforcement, such as U.S. Customs and Border Protection, to redefine borders as zones of major economic productivity and enhanced security from the success of business and government working together for the citizens of both countries.
A student wishing to be admitted to this certificate program must meet the General Admission Requirements as described in Part Two of this bulletin. Students must meet the professional, personal, scholastic, and other standards prescribed by the appropriate department and the Graduate Council. Participation in border-related professional activities such as U.S. Customs and Border Protection, professional trade organizations, corporate groups involved in international trade, and government leaders from both sides of the border or globally is required.

Required courses (12 units):
- **H SEC 610** Seminar in International Security and Trade (3)
- **H SEC 611** Seminar in Earth Systems, International Security and Trade (3)
- **H SEC 612** Seminar in Cyber Security and Trade (3)
- **H SEC 614** Seminar in International Law Enforcement for Trade and Security (3)

Students must earn a 3.0 grade point average in these courses with no less than a C in any course. Courses taken for this certificate program will not apply towards the master's degree program in homeland security.

For more information, contact the program advisor, Eric Frost, Director, homeland security graduate program, eric.frost@mail.sdsu.edu.

**Courses Acceptable on Master's Degree Program in Homeland Security (H SEC)**

Refer to Courses and Curricula and Regulations of the Division of Graduate Affairs sections of this bulletin for explanation of the course numbering system, unit or credit hour, prerequisites, and related information.

**GRADUATE COURSES**

- **H SEC 601. Seminar in Homeland Security (3)**
  - Prerequisite: Classified graduate standing.
  - Domestic, national security, and foreign policies as they relate to prevention, deterrence, preemption, defense against, and response to terrorist attacks and other man-made and natural critical incidents and emergencies on local, regional, national, and international levels.

  - Prerequisite: Classified graduate standing.
  - Interrelationship of technology and science to homeland security policy. Use of technology and science for decision-making and collaboration. Ethical issues associated with application of technology and science to security issues.

- **H SEC 603. Seminar in Emergency Preparedness and Response (3)**
  - Prerequisite: Classified graduate standing.
  - Practices of emergency management and response in civilian and military settings. Historical development of management of and response to emergencies and critical incidents. Interrelationship of public, private, and non-profit sectors on local, regional, national, and international levels.

- **H SEC 604. Seminar in Law, Society, and Homeland Security (3)**
  - Prerequisite: Classified graduate standing.
  - Role and function of law related to homeland security on domestic and international levels. Historical development of ideas and rules of homeland security-related law and their relation to domestic and international legal, social, and political structures. Interrelationship of security, human, and civil rights.

- **H SEC 610. Seminar in International Security and Trade (3)**
  - (Offered only in the College of Extended Studies)
  - Linking global trade and security as complementary activities, especially at the US-Mexico border. Integrating technology, sensors, computing, and government regulations to a common goal. Global international trade optimization.

  - (Offered only in the College of Extended Studies)
  - Dynamic Earth systems can alter the flow of people, goods, and services. Raw materials and manufactured products is key to global trade and security. International trade optimization in a cross-disciplinary mode.

- **H SEC 612. Seminar in Cyber Security and Trade (3)**
  - (Offered only in the College of Extended Studies)
  - Cyber security, warfare, and espionage as they relate to international trade and security. Enabling and protecting trade during disasters or against criminal organizations.

- **H SEC 614. Seminar in International Law Enforcement for Trade and Security (3)**
  - (Offered only in the College of Extended Studies)
  - Law enforcement training and planning to fulfill unique missions surrounding trade and security in an emerging world of asymmetric threats and globalization. Collaboration, information sharing, intelligence, threat analysis in public and private sectors.

- **H SEC 620. Seminar in Warfare and Homeland Security (3)**
  - Prerequisite: Classified graduate standing.
  - Principles, rules, and laws of warfare. Offensive and defensive tactics and strategies related to homeland security. Relationship of warfare to grand strategy. Asymmetrical warfare tactics and strategies and their use to exploit power constraints inherent to democracies and their institutions. Changing nature of battlefields in contemporary warfare.

- **H SEC 650. Homeland Security Study Abroad (3)**
  - (Offered only in the College of Extended Studies)
  - Prerequisite: Classified graduate standing.
  - Selected topics in homeland security taught abroad. May be repeated with new content. See Class Schedule for specific content. Maximum credit six units applicable to a master's degree. Contact program advisor for more information.

- **H SEC 651. Border Security: The Case of the United States (3)**
  - (Offered only in the College of Extended Studies)
  - One lecture and four hours of activity.
  - Prerequisites: Graduate standing and consent of instructor. Interdisciplinary analysis of social ecology of borders and its impact on border security. Technologies used for border security. Field visits in U.S. to assess infrastructure and geography. Contact program advisor for more information.

- **H SEC 652. Border Security: The Case of Mexico (3)**
  - (Offered only in the College of Extended Studies)
  - One lecture and four hours of activity.
  - Prerequisites: Graduate standing and consent of instructor. Valid U.S. passport, foreign travel and repatriation insurance, and approval of Office of International Programs. Interdisciplinary analysis of social ecology of borders and its impact on border security. Technologies used for border security. Field visits in Mexico to assess infrastructure and geography. Contact program advisor for more information.

- **H SEC 690. Seminar (3)**
  - Prerequisite: Classified graduate standing.
  - Intensive study in specific areas of homeland security on themes such as intelligence, domestic and international law and security, GIS and security, sensors and security, privacy and security. May be repeated with new content. See Class Schedule for specific content. Maximum credit six units.

- **H SEC 695. Practicum in Homeland Security (3)**
  - Prerequisite: Classified graduate standing.
  - Practical exercises related to homeland security. Cooperative exercises with first responders, homeland security officials, and/or non-governmental organizations on local, regional, national, and/or international level. Maximum credit three units applicable to a master's degree.

- **H SEC 696. Special Topics in Homeland Security (1-3)**
  - Prerequisite: Classified graduate standing.
  - Study in specific areas of homeland security. May be repeated with new content with the approval of graduate adviser. See Class Schedule for specific content. Credit for 596 and 696 applicable to a master's degree with approval of the graduate adviser.

- **H SEC 790. Directed Readings in Homeland Security (3) Cr/NC**
  - Prerequisites: Advancement to candidacy and Plan B (non-thesis option).
  - Preparation for the comprehensive examination. For use in conjunction with Plan B (non-thesis option) only. Maximum credit three units of Homeland Security 790, 797, or 798 applicable to a master's degree.
H SEC 797. Research (1-3) Cr/NC
Prerequisites: Classified graduate standing and consent of instructor.
Supervised research in an area of homeland security. Maximum credit three units of Homeland Security 790, 797, or 798 applicable to a master's degree.

H SEC 798. Special Study (1-3) Cr/NC
Prerequisites: Classified graduate standing and consent of instructor.
Individual study, generally for thesis research. Maximum credit three units of Homeland Security 790, 797, or 798 applicable to a master's degree.

H SEC 799A. Thesis or Project (3) Cr/NC
Prerequisites: An officially appointed thesis committee and advancement to candidacy.
Preparation of a thesis for the master's degree.

H SEC 799B. Thesis or Project (0) Cr/NC
Prerequisite: Prior registration in Thesis or Project 799A with an assigned grade of RP.
Registration required in any semester or term following assignment of RP in Course 799A in which the student expects to use the facilities and resources of the university; also student must be registered in the course when the completed thesis is granted final approval.

H SEC 799C. Comprehensive Examination Extension (0) Cr/NC
Prerequisite: Completion of degree program courses.
Registration required of students whose only requirement is completion of the comprehensive examination for the master's degree. Registration in 799C limited to two semesters.
