Nursing
In the College of Health and Human Services

OFFICE: Adams Humanities 3138
TELEPHONE: 619-594-5357 / FAX: 619-594-2765
http://nursing.sdsu.edu

Agency Member of the American College of Nurse Midwives and the American Association of Colleges of Nursing. Accredited by the American College of Nurse Midwives Accreditation Commission for Midwifery Education, California Board of Registered Nursing, and the Commission on Collegiate Nursing Education.

Faculty
Emeritus: Broom, Dillon (Salerno), Flagg, Freitas, Hatton, Heineken, Hines, Laio, LaMonica, Lantz, Leslie, Lookinland, Loveridge, Moffett, Morris, Reed, Riegel, Robinson, Saarmann, Shively, Stichter, Sweeney, Todero, Verderber, Wahl, Walker, Wozniak
Director: Greiner
Associate Director: Peck
Professors: Blenner, Fields, Greiner, Hunter
Associate Professors: Fitzsimmons, Gates, Hadley, Lee
Assistant Professors: Attin, Carlson
Lecturers: Bass, Bidwell, Burns, Casey, Concilio, Cullum, DeSilva, Finkel, Gribble, Hall, Herold, Jurf, Kari, Katzman, Lischke, Long, McEwan, Miller, Moreno, Parr, Peck, Preston, Rivera, Samad, Scott

Offered by the School
Doctor of Nursing Practice.

Master of Science degree in nursing.
Concentration in advanced practice nursing of adults and the elderly.
Concentration in community health nursing.
Concentration in nursing education.
Concentration in nursing leadership in health care systems.
Concentration in women’s health and midwifery.

Major in nursing with the B.S. degree in applied arts and sciences.
Registered Nurse B.S., Major in Nursing Program.
School nurse services credential (refer to the Graduate Bulletin).

The Major
The nursing profession is concerned with the total health care of individuals, families, and communities. It is a profession that believes in the prevention of illness, caring for those who are acutely ill, and helping people with long-term rehabilitative problems to live in the healthiest way possible. Nursing is both a science and an art. It has its foundation in biophysical and behavioral sciences, as well as in nursing science and evidence-based practice.

Students in the nursing program are provided opportunities to acquire knowledge from the natural and social sciences; to develop clinical decision-making abilities; to utilize current research in the application of the nursing process; to develop leadership potential and accountability in professional practice; to become aware of the emerging roles of the professional nurse and of the social forces affecting health and health care systems; and to learn to balance professional and personal growth and values.

Nurses are in demand throughout the country and are needed in such settings as acute care hospitals, community health agencies, homes, jails, outreach programs, public schools, health maintenance organizations, and clinics which serve underprivileged, minority, and rural populations. Career opportunities are particularly good for minority, bilingual / bicultural persons.

Retention Policy
Progress in the nursing program is dependent upon completion of preparation for the major and nursing courses each semester. Students will not be permitted to progress to the next semester until preparation for the major and nursing courses are completed from the previous semester. Students who earn a grade of C- to F in two nursing or prerequisite courses or in one course twice will be dropped from the program. Continuation in good standing in the nursing program is contingent on students following the defined plan of study. Student failure to follow the plan of study may result in either removal from the program or an extended time frame for program completion. See the School of Nursing website for updated information.

Impacted Programs
The nursing majors are impacted programs. To be admitted to the nursing major, students must meet the following criteria:

1. Transfer students must have completed one year of high school core and general education courses in intermediate algebra, biology, and chemistry with laboratory.
2. Transfer students must have completed the same requirements as entering freshmen or equivalent college-level courses.
3. Upper division transfer students fulfill course requirements with a CSU GE certified B1 chemistry course (general, organic, inorganic, or integrated).
4. Upper division transfer students fulfill this area with a statistics course certified for CSU GE mathematics/quantitative reasoning (B4).
5. Upper division transfer students fulfill this area with any certified CSU GE written communication (A2) transfer course.

Standards for Admission
Applications must be submitted to the University. See “Regulations: Admission and Registration” section of this catalog. Students accepted as nursing majors are subject to further screening to determine their eligibility to be admitted into the professional coursework.

Admission to the Professional Program in Nursing
The School of Nursing is an impacted program with more qualified applicants than can be accepted into the major. Admission to the School of Nursing is competitive. Students with the highest grade point averages and test scores will be ranked for admission. Students will be admitted according to rank and the number of positions available.

1. Minimum admission requirements for transfer students are:
   a. The Test of Essential Academic Skills (T.E.A.S.): 80% or above overall.
   b. Cumulative GPA of 3.2 or better.
   c. Successful completion of Biology 211, 211L, 212, 261*, Chemistry 102*, Statistics 250 (or Biology 215 or Psychology 280)*, Communication 103 (or a course listed under General Education, I.1. Oral Communication)*, Rhetoric and Writing Studies 100 (or a course listed under General Education, I.2. Composition)*, and Rhetoric and Writing Studies 200 (or a course listed under General Education, I.3. Intermediate Composition and Critical Thinking)* with the required grades (B- or above for all biology courses, C or above for all others). These courses cannot be taken for credit/no credit (CR/NC).
   (Note: registration in Biology 261 may be concurrent with the start of nursing department courses).
   d. Have a cumulative GPA of 3.2 or higher.

2. Prerequisite courses are required for nursing majors before students may begin taking clinical nursing courses.
   a. Course grade requirement (B- or better) in each of these required courses: Biology 211, 211L, 212, and 261* (Note: registration in Biology 261 may be concurrent with the start of nursing department courses).

<<more text>>
3. Minimum Grade Point Average. Students must complete the eight prerequisite courses with a minimum overall grade point average of 3.0. Academic progress must be maintained.

4. Mathematics and Writing Competency Requirements. Prior to beginning clinical nursing courses, all students must satisfy the SDSU mathematics and writing competency requirements.

5. Health Requirement. To meet the specific health requirements, a medical examination and immunizations must be completed. The medical examination is in addition to the one required for admission to the university. For specific information concerning medical examination and immunization series, consult the School of Nursing website.

6. Registered Nurse – Bachelor of Science, Major in Nursing Program. A registered nurse-Bachelor of Science in nursing program is available for registered nurses who completed a regionally accredited program with either an Associate Degree in Nursing or a Diploma in Nursing. Students eligible for this option should contact the School of Nursing RN to BS adviser for special advising and program planning.

7. Formal Application. Applicants must submit an application to the university according to deadlines for impacted programs. Transfer students: In addition to the university application, an application to the nursing program must be submitted during the semester transfer students are completing prerequisites for the nursing program. RN to BS students: the nursing program application should be submitted the semester before they wish to enroll. Application forms, deadlines, and current information may be obtained on the School of Nursing website at http://nursing.sdsu.edu.

Special Instructions
1. Impacted Program. The nursing major is designated as an impacted program and specific regulations related to admissions are imposed.

2. Full-Time/Part-Time Study. Students are encouraged to enroll in all of the nursing courses scheduled each semester. However, part-time enrollment can be arranged by contacting the undergraduate adviser within the school and with approval of the Director.

3. Transportation. Students enrolled in the nursing program are required to provide their own transportation to off-campus clinical agencies and for home visits.

4. Health Insurance. All admitted School of Nursing students are advised to obtain health insurance coverage. Students are responsible for health care cost when services are rendered by a health care agency.

5. CPR Certification. Upon admission to the School of Nursing, students must have CPR certification through the American Heart Association – BLS for Health Care Provider. Certification must be maintained throughout the program.

6. Malpractice Insurance. Malpractice insurance is provided by the CSU at this time. Check website for any changes.

7. Upon completion of the first year of courses and prior to beginning any clinical nursing courses, students are required to have a physical examination and bring proof of the examination and required immunizations as instructed by the School of Nursing.

8. Background Check and Drug Screen. Upon admission to the nursing program, and possibly yearly thereafter, students must successfully pass a background check and drug screen in order to be placed in a clinical rotation. Red flag issues which prevent placement may impede progression and successful completion of degree requirements.

9. A valid social security number may be required for placement in nursing clinical agencies and to take the RN NCLEX examination.

10. Option Open to L.V.N.’s for eligibility to the R.N. license examination. This option has no relation to degree requirements and degree completion.

Course Requirements for Licensed Vocational Nurse (L.V.N.) 30-Unit Option

- BIOL 211, 211L Fundamentals of Microbiology .................. 4
- BIOL 261 Human Physiology .................................. 4
- NURS 304 Clinical Pharmacology in Nursing Practice .......... 2
- NURS 312 Concepts in Professional Nursing .................. 3
- NURS 316 Psychiatric-Mental Health Nursing ................. 5
- NURS 400 Nursing Care of the Acute and Chronically Ill Adult and Gerontologic Patient II ............... 3.5
- NURS 400L Nursing Care of the Acute and Chronically Ill Adult and Gerontologic Patient II Laboratory .......................................... 2.5
- NURS 458 Management and Leadership ................. 3
- NURS 458L Management and Leadership Laboratory .................. 2
- NURS 499 Special Study (elective in the clinical or health focus of student’s choice) ..................... 1

Total 30

- Upper division transfer students fulfill these course requirements by completing human anatomy (with required laboratory), human physiology (with required laboratory), and microbiology (with required laboratory), designated as certified CSU GE Life Sciences and Laboratory (B2, B3) transfer courses.

# Includes geriatric nursing.
@ Includes management/evaluation of patient care.

General Education Requirements

Students will complete a minimum of 49 units in General Education to include a minimum of nine upper division units. No more than 12 units may be used for General Education credit from any one department or academic unit. Upper division transfer students are required to complete an approved CSU General Education pattern. Students seeking a second bachelor’s degree in nursing have satisfied all requirements in sections I, II, III, and IV of General Education with their first baccalaureate degree from a regionally accredited association.

I. Communication and Critical Thinking: 9 units
You may not use Credit/No Credit grades in this section.
1. Oral Communication: Communication 103, or Africana Studies 140, or Chicana and Chicano Studies 111A (3 units)
2. Composition (3 units)
3. Intermediate Composition and Critical Thinking (3 units)

II. Foundations of Learning: 32 units
A. Natural Sciences and Quantitative Reasoning (14 units):
1. Physical Sciences: Chemistry 102 (5 units)
2. Life Sciences: Biology 212 (4 units)
3. Laboratory: Biology 211L (2 units)
4. Mathematics/Quantitative Reasoning:
   - Biology 215 (3 units) or Psychology 280 (4 units) or Statistics 250 (3 units) – Recommended
   - You may not use Credit/No Credit grades.
B. Social and Behavioral Sciences (6 units) to be satisfied by:
   - Psychology 101 (3 units) – Required
   - Sociology 101 (3 units) – Recommended
C. Humanities (12 units)
   - Refer to General Education course offerings in the Graduation Requirements section of the catalog.

III. American Institutions: Three units of the six units of coursework which meet the American Institutions graduation requirement may be used to satisfy this section, excluding courses numbered 500 and above.
Explorations of Human Experience. Courses in this area must not be taken sooner than the semester in which you achieve upper division standing (60 units passed). Upper division courses in the major department may not be used to satisfy General Education. Nine units to include Philosophy 330 and one of the following options: three upper division units in Natural Science, and three upper division units in Social and Behavioral Sciences; OR three upper division units in Humanities, and three upper division units in Social and Behavioral Sciences; OR six upper division units in Social and Behavioral Sciences. Three units must be selected from a course designated as cultural diversity. Refer to General Education Requirements section of the catalog and to the course guidelines provided during program orientation.

Major Academic Plans (MAPs)
Visit http://www.sdsu.edu/mymap for the recommended courses needed to fulfill your major requirements. The Maps website was created to help students navigate the course requirements for their majors and to identify which General Education course will also fulfill a major preparation course requirement.

Nursing Major
With the B.S. Degree in Applied Arts and Sciences (Major Code: 12031) (SIMS Code 554603 - Internal SDSU, Transfers) (SIMS Code Track 1: 554605 - First Time Freshmen Admits) (Major Code: 12031) (SIMS Code 554603 - Internal SDSU, Transfers) (SIMS Code Track 2: 554606 - First Time Freshmen Admits)
All candidates for a degree in arts and sciences must complete the graduation requirements listed in the section of this catalog on "Graduation Requirements." A minor is not required with this major.
Nursing majors may be part-time students in the curriculum with Director approval. Consultation with the undergraduate adviser is mandatory.

Preparation for the Major.
Students in the nursing program are coded as nursing majors once they successfully complete Biology 211, 211L, 212, 261*, Chemistry 102*, Statistics 250 (or Biology 215 or Psychology 280*), Communication 103 (or a course listed under General Education I.1. Oral Communication)*, Rhetoric and Writing Studies 100 (or a course listed under General Education, I.2. Composition)*, and Rhetoric and Writing Studies 200 (or a course listed under General Education, I.3. Intermediate Composition and Critical Thinking)*, with the required grades (B- or above for all biology courses, C+ or above for all others). Nursing 202, 206, 208, 219, and 221, (43 units)
- Upper division transfer students fulfill these course requirements by completing human anatomy (with required laboratory), human physiology (with required laboratory), and microbiology (with required laboratory), designated as certified CSU GE Life Sciences and Laboratory (B2, B3) transfer courses.
- Upper division transfer students fulfill this course requirement with a CSU GE certified B1 chemistry course (general, organic, inorganic, or integrated).
- Upper division transfer students fulfill this area with a statistics course certified for CSU GE mathematics/quantitative reasoning (B4).
- Upper division transfer students fulfill this area with any certified CSU GE oral communication (A1) transfer course.
- Upper division transfer students fulfill this area with any certified CSU GE written communication (A2) transfer course.
- Upper division transfer students fulfill this area with any certified CSU GE critical thinking (A3) transfer course.

NOTE: Students must complete Psychology 101 and 230 to satisfy nursing program requirements. A grade of C (2.0) or better is required in all nursing courses. No nursing course may be repeated more than once. A grade of C (2.0) or better is required in statistics. A grade of B- (2.7) or better is required in all biology courses.
Progress in the nursing program is dependent upon completion of preparation for the major and nursing courses each semester. Students will not be permitted to progress to the next semester until preparation for the major and nursing courses are completed from the previous semester. Students who earn a grade of C- to F in two nursing or prerequisite courses or in one course twice will be dropped from the program.
Graduation Writing Assessment Requirement. Passing the Writing Placement Assessment with a score of 10 or completing one of the approved upper division writing courses (W) with a grade of C (2.0) or better. See "Graduation Requirements" section for a complete listing of requirements.

International Experience. Nursing majors are required to participate in an international experience to increase awareness of cross-cultural issues, global health, economic, political, cultural, social services, and health challenges experienced by local populations in international environments. Students participate in residence for two or more weeks (exemption from the study abroad portion of the requirement must be approved by the dean of the college based on serious and compelling life events or physical limitations; a relevant course and community service activity in the U.S. will be substituted). Specific details can be found on the college website at http://www.chhs.sdsu.edu/international.
To meet the international experience requirement, majors must complete one of the following:
1. A CSU Study Abroad Program;
2. An SDSU Exchange Program;
3. An SDSU Study Abroad Program;
4. An SDSU Study Travel Program;
5. General Studies 450;

Registered Nurse – Major in Nursing Program
With the B.S. Degree in Applied Arts and Sciences (Major Code: 12032) (SIMS Code: 554604)
A Registered Nurse - Bachelor of Science nursing program is available for registered nurses who completed a regionally accredited program with either an Associate Degree in nursing or a Diploma in nursing. This program gives credit for previous coursework. Students eligible for this option should contact the School of Nursing for special advising and program planning.

Standards for Admission. See Standards of Admission for Professional Program in Nursing.

Additional Requirements. The following documents are also required for admission to the RN-BS Program:
1. Copy of current California RN license.
2. Official transcript showing AD Degree or Diploma.
3. Official transcripts from all colleges/universities attended to date.
4. CPR certification – “Healthcare Provider” or “Professional Rescuer” level.

General Education Requirements. See General Education Requirements for nursing major.

International Experience. Nursing majors are required to participate in an international experience to increase awareness of cross-cultural issues, global health, economic, political, cultural, social services, and health challenges experienced by local populations in international environments. Students participate in residence for two or more weeks (exemption from the study abroad portion of the requirement must be approved by the dean of the college based on serious and compelling life events or physical limitations; a relevant course and community service activity in the U.S. will be substituted). Specific details can be found on the college website at http://www.chhs.sdsu.edu/international.

To meet the international experience requirement, majors must complete one of the following:
1. A CSU Study Abroad Program;
2. An SDSU Exchange Program;
3. An SDSU Study Abroad Program;
4. An SDSU Study Travel Program;
5. General Studies 450;

Curriculum Plan. A total of 120 units are required for the degree. Transfer credit for 27 or more nursing units is granted. Upon passing NCLEX, 15 units will be credited to the student's transcript.

UPPER DIVISION COURSES

(Intended for Undergraduates)

NURS 300. Nursing Care of the Acute and Chronically III Adult and Gerontologic Patient I (8)
Three lectures and 15 hours clinical per week.
Prerequisites: Nursing 206, 208, and credit or concurrent registration in Nursing 304.
Psychological, social, and physiologic stressors affecting acute and chronic illness and health of adults. Appropriate nursing care and interventions. Not open to students with credit in Nursing 252.

NURS 302. Nurse-Client Relationships: Cultural and Mental Health Concepts (3)
Prerequisite: Nursing 206.
Nurse-client communication and application to clinical nursing practice. Origins of a variety of communication styles. Cultural and mental health concepts related to communication.

NURS 304. Clinical Pharmacology in Nursing Practice (2)
Prerequisites: Biology 212, Chemistry 102, and credit or concurrent registration in Biology 261.
Major classifications of drugs; pharmacological and toxicological activity; clinical applications. Role of nurse in assessment, intervention, and patient education.

NURS 307. Research and Evidence-Based Practice (3)
Prerequisites: Mathematics/Quantitative Reasoning General Education, and credit or concurrent registration in Nursing 300.
Nursing research process. Emphasis on identification of researchable questions and beginning critiquing ability.

NURS 312. Concepts in Professional Nursing (3)
Prerequisite: Admission to the RN to BS program.
Concepts in professional nursing. Differentiation of professional practice with emphasis on stress theory, therapeutic communication, values clarification, and legal aspects. Not open to generic students.

NURS 316. Psychiatric-Mental Health Nursing (5)
Three lectures and six hours of laboratory.
Prerequisite: Admission to the School of Nursing.
Theory and clinical laboratory in application of nursing process to care of clients evidencing maladaptive responses to psychosocial stressors. Presentation of theories describing and explaining maladaptive behaviors and application of nursing interventions in a variety of treatment modalities. (Formerly numbered Nursing 416.)

NURS 320. Health Assessment and Health Promotion for RN to BS (4)
Two lectures and six hours of laboratory.
Prerequisite: Admission to the RN to BS program.
Expands the registered nurse’s ability to measure and interpret physical, physiologic, and psychosocial functioning. Clinical presentation of disease and disability. Evidence-based practice guidelines for health promotion and disease management. Not open to students with credit in Nursing 501 and 501L.

NURS 321. Professional Formation B (1)
Prerequisite: Nursing 221.
Virtue ethics, California Nurse Practice Act, and American Nurses Association Code of Ethics. Societal expectations, obligations, professional requirements, legal decisions, and clinical realities.

NURS 350. Women’s Health Across the Lifespan (3) [GE]
Prerequisite: Completion of the General Education requirement in Foundations of Learning II.A. Natural Sciences and Quantitative Reasoning.
Explores health issues women face across their lives. Focus on developing knowledgeable users of research on causes of and risk factors for health problems. Not applicable to nursing majors.

NURS 354. Nursing Care of the Childbearing Family (5)
Two-and-one-half hours of lecture and 7.5 hours of laboratory.
Prerequisites: Nursing 206, 208, and 302 or 304.
Family-centered focus encompassing adaptive and maladaptive responses to stressors in the maternity cycle and their effect on the neonate. Clinical laboratory focuses on the application of nursing theory and process in providing preventive, supportive, and restorative care to mothers and neonates.
NURS 356. Pediatric Nursing (5)
  Two-and-one-half hours of lecture and 7.5 hours of laboratory.
  Prerequisites: Nursing 206, 208, and 302 or 304.
  Stressors affecting the child on health-illness continuum. Nursing
  theory and laboratory focuses on application of nursing process in
  providing preventive, supportive and restorative therapeutic
  modalities in a variety of settings. Emphasis on the child in the family
  and the necessary intervention to promote adaptation of the child to
  attain, maintain or regain an optimum level of health.

NURS 358. Basic Electrocardiography (1) Cr/NC
  Prerequisite: Nursing 300.
  Basic electrophysiological and interpretive concepts necessary
  for identification and management of supraventricular and ventricular
  rhythms.

NURS 397. Preparation for Clinical Practice (1) Cr/NC
  Two hours per week of supervised practice.
  Prerequisite: Admission to the School of Nursing.
  Supervised practice of nursing skills and techniques. Course is
  elective for students. Credit earned in this course not applicable to
  bachelor’s degree.

NURS 400. Nursing Care of the Acute and Chronically Ill Adult
  and Gerontologic Patient II (3.5)
  Prerequisites: Nursing 300 and concurrent registration in Nursing
  400L.
  Theory in care of adults of all ages who have acute and chronic
  health concerns leading to complex and high acuity health problems.
  Not open to students with credit in Nursing 452 or 454.

NURS 400L. Nursing Care of the Acute and Chronically Ill Adult
  and Gerontologic Patient II Laboratory (2.5)
  Nine hours of clinical practice.
  Prerequisites: Nursing 300 and concurrent registration in Nursing
  400L.
  Clinical care of adults of all ages who have acute and chronic
  health concerns leading to complex and high acuity health problems.
  Not open to students with credit in Nursing 452 or 454.

NURS 410. Gerontological Nursing (3)
  Two lectures and three hours of laboratory.
  Prerequisites: Nursing 200, 303.
  Theory and selected laboratory experience focusing on stressors
  affecting elderly on health-illness continuum. Gerontologic nursing
  in a variety of settings.

NURS 415. Community Health Nursing (3)
  Prerequisites: Nursing 300, 304 and concurrent registration in
  Nursing 415L.
  Assessment and utilization of community health care concepts
  and delivery with emphasis on promotion of health, prevention of
  illness and individual and group teaching techniques. Consideration
  given to cultural aspects of health care.

NURS 415L. Community Health Nursing Laboratory (2)
  Six hours of laboratory.
  Prerequisites: Nursing 300, 304 and concurrent registration in
  Nursing 415.
  Laboratory experience in care of clients in the community and
  nursing of community as client.

NURS 421. Professional Formation C (1)
  Prerequisite: Nursing 321.
  Current and emerging roles in nursing leadership. Practice
  environments, expectations of society in these environments, role of
  health policy and advocacy in leadership, methods to remain current
  in professional practice.

NURS 458. Nursing Management and Leadership (3)
  Prerequisites: Nursing 316, 415, 415L; concurrent registration in
  Nursing 458L.
  Theories and functions of nursing management and leadership
  within health care system. Economics of health care.

NURS 458L. Nursing Management and Leadership
  Laboratory (2)
  Six hours of laboratory.
  Prerequisite: Concurrent registration in Nursing 458.
  Laboratory experience in nursing management and leadership.

NURS 496. Experimental Topics (1-4)
  Selected topics. May be repeated with new content. See Class
  Schedule for specific content. Limit of nine units of any combination
  of 296, 496, 596 courses applicable to a bachelor’s degree.

NURS 498. Cooperative Education Supervised
  Practice (2-6) Cr/NC
  Seminar: Two hours biweekly. Clinical hours arranged by student
  and employer.
  Prerequisite: Nursing 300.
  Supervised practice in application of previously learned knowledge
  and skills in selected clinical agencies. Professional interaction with
  other health care workers to strengthen professional nursing identity.
  Work under supervision of registered nurse preceptor and faculty
  coordinator. May be repeated. Maximum credit two units applicable
  to a bachelor’s degree.

NURS 499. Special Study (1-3)
  Prerequisites: Nursing 300 and consent of instructor.
  Individual study. Maximum credit six units.

UPPER DIVISION COURSES
(Also Acceptable for Advanced Degrees)

NURS 501. Advanced Health Assessment and Health
  Promotion (3)
  Prerequisites: Consent of School of Nursing graduate adviser;
  concurrent registration in Nursing 501L.
  Physical and psychosocial assessment techniques, health
  promotion strategies for select populations.

NURS 501L. Advanced Health Assessment and Health
  Promotion Laboratory (1)
  Three hours of laboratory.
  Prerequisites: Consent of School of Nursing graduate adviser;
  concurrent registration in Nursing 501.
  Laboratory experience in advanced health assessment and health
  promotion.

NURS 596. Special Topics in Nursing (1-3)
  Prerequisites: Completion of 30 upper division units in nursing or
  graduate status; 3.0 grade point average.
  Selected topics in the practice of nursing. May be repeated with
  new content. See Class Schedule for specific content. Limit of nine
