IMPORTANT INFORMATION

COMPLETE GRADUATION REQUIREMENTS

This form should only be filed if you have a declared major and you anticipate completing all requirements for graduation by summer 2018. Requirements must be COMPLETED by the date of graduation. Course forgiveness, grade changes, make up of incomplete grades, official transcripts from other institutions, petitions or test scores must be on file with SDSU no later than the last day of the semester in which you are graduating. Official transcripts for work taken at other institutions during your final semester must be received at SDSU no later than six weeks after your date of graduation. Failure to meet all requirements by the deadlines will result in the cancellation of your graduation application. If your graduation application is cancelled, you must reapply for a future term during the published filing period and pay the appropriate non-refundable filing fee.

You must maintain continuous enrollment to retain catalog rights for all degree requirements. This rule applies even if your only outstanding requirement is an exam or a missing document. If you have been out of school for more than one year, you will be required to meet all degree requirements in effect the year in which you graduate.

CONCURRENT GRADUATE CREDIT

If you complete work in excess of graduation requirements during the semester that you graduate, you may petition for concurrent graduate credit through the Division of Graduate Affairs. You will not be awarded concurrent graduate credit automatically.
