2017-2018 UNDERGRADUATE APPLICATION FOR ADMISSION

3 PERSONAL INFORMATION

APPLICANT INFORMATION

Please check your Social Security Number (SSN) for accuracy before submitting your application to ensure your identification and application are correct.

Social Security number: ********
Reenter your Social Security number (for verification): ********

If you have qualified for Deferred Action for Childhood Arrivals (DACA) from the U.S. Immigration Services and subsequently been issued a Social Security Number, please do not have a Social Security number at the time you file the application, you may be assigned a temporary number. However, you should obtain a Social Security number from doing so, and submit it to the university by the time you begin enrollment. Failure to provide a Social Security number may result in the imposition of a penalty by the Internal Revenue Service.

If you have a U.S. Social Security number you are required to include it on admission to CSU campuses pursuant to Section 41201, Title 5, Code of California Regulations and Section 3410 of the California Education Code. CSU campuses may use the Social Security number to identify your student records and association with the campus and, if needed, to help collect debts owed the university. The Social Security number may be used to file information returns that include the student's Social Security information, such as the amount paid for qualified tuition, related expenses, and any information used to help determine whether you, or a person claiming you as a dependent, is entitled to a tax deduction to reduce federal income taxes. In addition, this information is utilized to maintain student records, financial aid applications, and other documents.

California Statewide Student Identifier or SSID: (For California residents only, including homeschooled students)

Providing the ten digit Statewide Student Identifier or SSID is optional. The SSID allows individual student data to be uniquely distinguishable from that of other students. California public school students that attended a California public school any time since 2006 were assigned a SSID. The SSID may be indicated on your high school transcript or other school documentation. If you don’t know your SSID and would like to include it in this application, contact your last public school or district office.
