The Major
The profession of social work is deeply committed to the relief
of human distress and inequality, and to the assistance of people
in the meeting of their social, psychological, and economic needs.
The social work major prepares graduates who function effectively
as entry-level professionals in beginning social work practice with
client systems of various sizes and types: who demonstrate sensi-
tivity to the diverse racial, ethnic, and cultural mix of the Southern
California border region and are able to work effectively in a variety of
roles in a range of agencies to meet the needs of the region's varied
communities; who understand and use social work values and ethics
throughout their professional practice; who can identify, evaluate and
apply existing research evidence to guide their practice decision-
making; who understand the contexts and purposes of social work
practice, the changing nature of those contexts, and the nature and
the dynamics of organizational behavior; and who are committed to
lifelong professional growth and learning.

The social work major is designed to apply to a wide variety
of social work practice settings. Preparatory coursework for the
major includes a basis in the liberal arts and sciences. The upper
division curriculum is intensive, encompassing coursework in cultural
pluralism, human behavior, social policy, social work practice, and
social work research. Required field experience is an integral part of
the program.

The B.A. degree prepares students for immediate employment
in those social work positions which do not require graduate level
preparation, as well as providing the foundation for graduate study.

Major Academic Plans (MAPs)
Visit http://www.sdsu.edu/mymap for the recommended courses
needed to fulfill your major requirements. The MAPs website was
created to help students navigate the course requirements for their
majors and to identify which General Education course will also fulfill
a major preparation course requirement.

2. An SDSU Exchange Program;
3. An SDSU Study Abroad Program;

Time Limitation. All social work courses taken for the major must have been taken and completed within seven years of the granting of the undergraduate degree. Courses taken prior to the seven year rule must be repeated. This policy applies to courses taken at SDSU or transferred from another four-year college or university or appropriate courses from a community college. No exceptions will be made to this policy.

Life Experience. No social work premajor or major courses can be waived or credit given towards the undergraduate degree for life experience including but not limited to employment, time spent in the military, training or workshops or volunteer experiences.

Transfer Credit. Transfer credit students may transfer 15 nonsocial work courses in the premajor and six units of Social Work 110 and 120 from a California community college or university and four units of a signed articulation agreement with SDSU. Students from outside the state must have transcripts evaluated to determine if their courses meet SDSU criteria to be accepted for the premajor. The 44 units in the major can only be transferred from a Council on Social Work Education (CSWE) accredited or candidacy status social work undergraduate program.

Prescribed Course Sequence. Students must complete all 300-level social work courses (21 units) before they will be allowed to enroll in Social Work 483A and 489A. There is no required order of the 300-level courses with the exception that Social Work 382 must be taken prior to Social Work 381.

Field Practicum. All students must enroll in field practicum. This is a 16-hour per week internship at a School of Social Work arranged and supervised social work community agency (students are not permitted to locate their own agencies). Students begin field practicum during the fall semester only and must concurrently enroll in Social Work 483A and 489A. The continuation of field practicum is offered in spring semester only when students must concurrently enroll in Social Work 483B and 489B. These courses are sequential and students must complete both “A” courses before going on to the two “B” courses. During the spring semester, preceding enrollment in field practicum, students attend a field orientation meeting. Specific date and time of the orientation is posted on the field bulletin board outside Hepner Hall 119 and announced in class. In addition, students should read the appropriate section in the current student handbook. The section outlines all requirements and processes the student is expected to follow. The coordinator of field instruction evaluates each application to determine whether the student has met all requirements for admission to field practicum (Social Work GPA of 2.00 and senior status) and assigns the student to an agency for internship. Students who do not file a field application by the deadline date will not be able to enter field practicum. Specific times and days of field practicum are arranged between the student and the assigned agency, but most agencies require daytime availability. Evening and weekend placements are not available. Students should arrange their schedules appropriately to meet these criteria.
